

GROUPIES

Lyrics and music by Mark Osier

Intro: D A G A DAD

The reasons to play music are varied and diverse
Some play just for enjoyment others play to fill a purse
For a bit of mental discipline or creativity
But there is just one thing I hope that music gives to me

(I want) Groupies - Groupies
I don't care if you wear leather, satin, lace or foam
But you only need your body, you can leave your mind at home

(I want) Groupies - Groupies
Find yourself a famous musician that is male
And if he tells the truth then you will hear it without fail
If you ask him for the reason for all the songs he's played
He'll admit that all he wanted was to just get laid

(He wants) Groupies - Groupies
You can talk of education and I.Q. if you please
But all I really want's a set of 38 D's
(I want) Groupies - Groupies

If this song has angered you or given quite a scare
Or pissed off all the feminists I simply do not care
If you wanted soft and sensitive you should have stayed at home
I'm no new-age-guy so dammit leave my songs alone

(I want) Groupies - Groupies
Don't talk about commitment, relationships or trust
All I really want are vile acts of carnal lust
(I want) Groupies - Groupies
Perhaps this song is vulgar or perhaps a little crass
But I don't care I'm hoping that it brings me tits and ass
(I want) Groupies - Groupies - Groupies
