

I'M NOT ME WITHOUT YOU

Lyrics and music by Mark Osier

D Bm G A
I'm sitting alone, staring at the star-filled sky
D Bm G A
Though I shouldn't be, I'm still asking myself why
D Bm G A
You left me all alone though my love for you was true
G A D A D A
Now my hopes and dreams, my plans for life, never will come true

CHORUS

F#m Bm A D A
So the hours pass by slowly as the days turn into weeks
F#m Bm G A
Though I thought we'd be forever now the outlook's pretty bleak
G A F#m G
I thought I'd recover - I thought I'd make it through
F#m Bm A D A
But now I've come to realize I'm not me without you

I don't know how to tell you what I miss, but I will try
Your smile, your hair, your laugh, your cry, and the color of your eyes
Our walks, our talks, our hopes and dreams of happiness and life
But the one thing I'll miss most of all is knowing you'll be my wife

CHORUS

I long to send this to you but I'm not sure I dare
Perhaps these words will touch your heart; perhaps you won't care
Perhaps you'll never know the way that I still feel for you
But to see you, kiss you, hold you tight is something I can't do

But you're in my mind forever; you can't take that away
I can always dream you'll come back and that this time you'll stay
Together forever, the way I wish it could be
For only if that happens can I once again be me
Yes only if that happens will I once again be me
